Walk description
This walk takes us south of the village, passing the **site of a medieval castle**, then over pleasant fields with some views towards the M6 motorway, then heading east we will pass some ponds before taking a lane and turning north along a track back to the edge of the village. We will pass through the recreation ground with its **keep fit features** and an interesting canine, Passing through a small wood then a couple of fields we will return into the village centre with its **poppy decorated churchyard**. It is a generally level walk with a couple of inclines. There are no stiles. Refreshments may be had taking a short diversion on the way home at Hoar Park.
